Summary

Rising senior at California State University, Fullerton studying Computer Science, that is a hard-working individual with proficiency in HTML, CSS, JavaScript, SQL, and C++. Seeking internship opportunities for the summer of 2022 to attain valuable industry experience within the field and to continuously grow my skill set.

Education

California State University, Fullerton

August 2020 - Present

Bachelor of Science, Computer Science

Current cumulative GPA of 3.23

Saddleback College

August 2016 – May 2020

Completed all lower-division CS classes + general education before transferring

Technical Skills

Languages: HTML, CSS, JavaScript, C++, SQL

Technologies/Operating Systems: mySQL, Windows, Linux

Tools/Others: Visual Studio, Visual Studio Code, Git, GitHub

Projects

Matrix Multiplier (July - August 2021):

- A small web application that is able to perform various matrix functions such as multiplication, inversion, elementary operations, and determinant computation.
- Developed with HTML5 and CSS3 for the interface and JavaScript for the calculations and algorithm implementation.

MyTicTacToe (June - August 2020):

- Tic-Tac-Toe game developed in c++ that utilizes the command console to develop a simplistic GUI.
- Features a 'smart' AI opponent, a tally of wins/losses/ties, high-score saving, and error-proof input checking.

Personal Website (July - August 2021):

- My personal website which was a product self-learning and analyzing the ins and outs of HTML5, CSS3, and Responsive Web Design as a whole.
